ماناه: AEROSPACE

Futuristic aviation and
MRO services, delivered
with responsibility.

Advanced aerospace and engineering solutions
that enable safer, smarter skies for those who fly.

Leadership Team

COL. L S N MURTY (RETD.)

CEO Manah Aerospace & Engineering Pvt Ltd

With over 39 years of combined military and civil aviation experience, Col. Murty brings disciplined leadership, deep technical expertise, and strategic insight. He drives MAEPL's growth by ensuring safe, efficient, and sustainable operations, while aligning teams to deliver consistent, high-quality results.

MR. PREM KUMAR PANDEY

MD Manah Holding Pvt Ltd

An Information Technology graduate with extensive global experience, he provides strategic leadership for Manah Holdings, representing the group across international networks and forums. He has successfully led major global projects, from large-scale power transmission initiatives to building the Electric Buses Strategic Business Unit and driving it to profitability, while mentoring business directors to deliver operational excellence across verticals.

Service #1

Keep aircraft airworthy, reliable, and safe to operate.

Aircraft Maintenance

DGCA certified business jet maintenance services, from light and midsize jets to advanced aircraft. With a vision to expand into servicing Boeing and Airbus platforms, we are building a future-ready ecosystem of aviation excellence and skilled professionals.

Customized maintenance for business jets with uncompromised safety and compliance.

Parts procurement support to ease operational burdens for owners.

Strict regulatory compliance and quality control ensuring superior maintenance standards.

Responsive communication and client support for seamless coordination and timely updates.

Dedicated engineering team delivering prompt, reliable, and aircraft-specific maintenance.

MANAH: AEROSPACE Compliance, Credentials & Aviation Excellence

Demonstrating our commitment to the highest standards in aviation maintenance and operations.

145 CAPABILITIES

Growth & Expansion Roadmap

Building a strong foundation today to scale into a multi-location, OEM-collaborated aviation network of the future.

CURRENT OPERATIONS

1. Servicing 10 aircraft across multiple categories
2. DGCA-certified maintenance with proven reliability
3. Strategic partnership with AAI for hangar space at Begumpet, Hyderabad
4. Collaboration with Jet Aviation Dubai for global standards and best practices
5. Skilled engineering teams committed to safety, quality, and compliance

FUTURE PLANS

Scaling operations and expanding our footprint to build a multi-location, OEM-collaborated aviation network of the future.

1. Expand fleet servicing capacity to 20 aircraft by March 2026
2. Secure final approval for land allotment at Begumpet Airport, Hyderabad to construct two new hangars
3. Submitted bid for land allotment at Jewar Airport, Noida for five hangars
4. Engaged with MIAL for land allocation to establish two additional hangars in Mumbai
5. Expand presence into key aviation hubs across India and Asia
6. Forge OEM collaborations to drive advanced training and technology integration
7. Develop authorized service centres for multiple OEMs to enhance customer accessibility and trust

Aviation Training

Empowering the next generation of aviation professionals with cutting-edge training and expertise.

State-of-the-Art Level III Maintenance Training for all Embraer and ATR series aircraft

Curriculum integrating latest industry trends and technologies to prepare professionals for a dynamic aviation landscape

Level I and II allied trainings to build foundational and advanced skills

Professional and qualified instructors delivering high-quality training and expertise

Courses on aviation regulations to ensure workforce knowledge and compliance

Aviation Consultancy

Providing strategic guidance and insights to help clients navigate the complexities of aircraft acquisition, operations, and compliance.

Aircraft Acquisition & Asset Management:

Support for informed, goal-aligned decisions

Fleet Analysis & Market Research:

Optimize performance and identify cost savings

Regulatory Compliance Solutions:

Prepare manuals and documentation per regulations

Advisory Service:

Deliver actionable insights for operational efficiency

Thank you!
